EDUCATION

Sinhgad Institute of Technology, Lonavala

Bachelor of Engineering (B.E.), Computer Engineering — GPA: 7.5/10 | Expected June 2027

Coursework: DSA, DBMS, Web Technologies, Software Engineering, Computer Networks, OOP

EXPERIENCE

Co-Founder & Lead Developer | MyCoreRise

Dec 2025 – Present

- Designed the architecture for a wellness mobile app solving daily health issues through personalized, position-based micro-exercises grounded in Marma therapy principles.
- Built the mobile app (React Native/Expo), backend (Supabase, Row-Level Security across all tables), and a full admin dashboard (Next.js, Express) with authentication, audit logging, and role-based access control.
- Deployed the admin dashboard on Vercel, backend on Render, and a marketing site (mycorerise.com); configured EAS Update pipeline to ship JS updates without consuming native build budget.

Web Developer Intern (Remote) | Infinova Eduventures

Jan 2026 – Feb 2026

- Built responsive websites for multiple services offered by the company, translating designs into functional, production-ready pages.
- Developed reusable React/Next.js components, cutting development time by 40% and improving maintainability by 80%.

PROJECTS

Personal Developer Portfolio | Next.js, FastAPI, Docker, Supabase

- Built and deployed a full-stack portfolio site with a containerized FastAPI backend, rate-limited contact form, and Supabase-backed data storage.
- Implemented CI-friendly deployment across Vercel (frontend) and Render (backend, via Docker).

Blog Website / Application | Personal Project

- Developed a blog application implementing full CRUD operations with a responsive, organized UI.

LEADERSHIP

Board Member | Institutions Innovation Council (IIC) —

Sept 2024 – Ongoing

Former Design & Creativity / Web Dev Head

- Led IIC members through web development tasks and organized Avishkar 2025 and Smart India Hackathon 2025, coordinating 200+ participants as Student-Coordinator.

AWARDS

- 1st Rank — Web Development Competition, Institute Level
- Smart India Hackathon 2025 (Team Lead) — Institute Finalist

SKILLS & INTERESTS

Technical: TypeScript, JavaScript, React, Next.js, React Native, Node.js, Express, FastAPI, Python, C/C++, HTML5, CSS, Tailwind CSS, Supabase, PostgreSQL, MySQL, Docker, Git/GitHub, Postman, Vercel, Render, VS Code, Linux, DSA, OOP

Interests: Reading Books, Playing Cricket, Composing Songs/Music

LANGUAGES

English (Fluent), Hindi (Native), Marathi (Conversational)
